

Hinowa Lightlift 26.14

Performance IIS

The Lightlift 26.14 is a self-propelled tracked access platform designed for maximum stability, precision, and ease of use. Featuring extendable tracks to fit through doorways, it offers exceptional manoeuvrability even in confined or uneven spaces. Compact yet powerful, the Lightlift 26.14 is ideal for projects that require safe working at height – from tree trimming and building maintenance to painting, cleaning, and repairs in hard-to-reach areas where traditional platforms can't access.

Working height	25.5m
Max outreach	13.5m
Max load capacity	230kg
Battery range	4–5 hours (est.)
Recharge time	4–5h full / 2h to 80%
Track width	990–1490mm
Max upper slant	16° / 28,7%
Max wind speed	12,5 m/s
Operating weight	4365 kg

MAX RATED WORKING LOAD 230kg
